PALESTINIAN REVOLUTION IS CONTINUING STRUGGLE UNTIL ACHIEVEMENT OF VICTORY

ADEN, July 19 - ANA - Brother Abbas Zaki, Member of the Revolutionary Council of Fateh Movement and representative of the Palestine Liberation Organisation in Aden affirmed that the Palestine revolution is continuing in the stru ggle by paying every dear and valuable for achivement of its objectives and dreams of the masses of the Palestinian and Arab peoples for liberation, return back home and determination of destiny on the complete soil of Palestine. He called, in a press conference held today at the premises of the Palestine Liberation Organisation in Aden, upon the Arab masses to overcome their embalmed leaderships and to take their role in the battle pointing out that this does not mean to go to Lebanon but to hit the American interests in the Arab area.

On reviewing the situation, Brother Abbas Zaki pointed out that the enemy, who wanted, by his attack on Lebanon on 4th June and through aerial and sea bombing, to end his battle with land on the land within three days' time at the most, was not able upto this moment in which the attack entered its 27th day, to harvest any fruits, achieve any victory or realise any outcome from the aggression started by him. He pointed out that Israel today is regarded in a crisis and that the size of its military losses from this war are great. He said its losses include the participation of hundreds of thousands including large numbers of military men in demonstrations and the presence of divisions and differences inside the government.

Dealing with the stands of some Arab regimes and organisations towards this battle, he described them as shaky. He said that thoughts are taking place for reviewing these relations and we have started drafting many of the directives that will ensure in fact our prestige, freedom and affiliation to partners and brothers in one battle of destiny.

He praised the backing and support extended by Democratic Yemen to the Palestinian and Lebanese peoples in spite of its limited resources and the blockade imposed on it by imperialism . This happened as other Arab countries have ignored the Palestinian issue and go to the extent of demanding the evacuation of the Pleatinians from Lebanon by the Israelis. He said that these regimes were expecting the revolution to be abborted in order to use the radio instead of the cannon to announce to all that the time was not suitable for replying to this operation.

PALESTINE REVOLUTION - Cont'd.

He praised the role played by Syria and the countries of the Socialist Community topped by the Soviet Union and the movement of non-alignment in supporting the Palestine revolution and expressed the hope that the friends will move at the political level as well as at military level. He stressed upon the necessity of a joint political activity. He said that the PLO is with any summit conference provided it is based on hostility to America and Israel and for rescue of Beirut and breaking of its besiege.

In reply to a question on the formation of a Palestinian government in exile he said: "We are with the establishment of a government in exile when the essential and suitable conditions for that exist because such a government is to be announced as the revolution is on the verge of victory." He affirmed the organisation's rejection of any homeland instead of Palestine and any agreement for representation in any local or international negotiations. It also refuses to distribute the Palestinian people amongst Jordan and Israel within the say of the proposed autonomy and confederation.

Brother Abbas Zaki said that the steadfastness and confrontation front can evade any sign of failure by extending the potentialities that will ensure the victory of Syria in the raging war in Lebanon and has to move to the base of the steadfastness trio -- Syria, Palestine and Lebanon - to drop its weight there and provide the suitable conditions for victory.
